

Forklift Hopper

FACTORY SUPPLY INC.
3412 49th Street North
Saint Petersburg, FL 33710

Designed For

This heavy-duty self-dumping hopper features a full 90° dump angle with a cushioned rubber bumper stop. The low profile design of this hopper is essential for convenient loading. Dumping with a forklift is quick and simple.

Movement

A cable is pulled from the seat of the forklift to dump the hopper, and the hopper returns to an upright and locked position when lowered to the ground. A safety restraint is provided to secure the hopper to the fork truck.
