

Mezzanine Ladder

FACTORY SUPPLY INC.
3412 49th Street North
Saint Petersburg, FL 33710

Designed For

This mezzanine ladder is ratcheted into the climbing angle and back into the stored position when not in use optimizing space.

Movement

The wheels of the mezzanine ladder roll on the ground when ratcheted and the handrails mechanically rise into the climbing position when ladder locks into position. This mezzanine ladder is designed to provide users with a safe way to access the mezzanine.
